Patterns & Practices	Object-Oriented Programming.
Tools	Spring Tool Suite, VS Code, Eclipse, Maven
Operating systems	Windows.
Software Development Methodologies	Agile and Waterfall.
Version Control	Git, GitHub
Frameworks	React , SpringBoot, Hibernate, REST APIs
API platform	Postman
Testing	Manual testing, JUnit

PROJECTS

Personal Portfolio Website

[Live Portfolio](#) | [GitHub Repo](#)

- Designed and developed a **responsive and interactive portfolio website** using **React.js** to showcase skills, projects, and experience.
- Implemented **modern UI/UX** with optimized assets for fast loading and seamless navigation.
- Integrated **dynamic components** and animations to enhance user engagement.
- Utilized **React Router** for smooth navigation and structured content organization.
- Deployed the website for accessibility and professional online presence.

TuneHub Application - Music Streaming Application

[GitHub Link](#)

- Developed a full-stack music streaming platform where users can explore and listen to songs, while admins manage content.
- Implemented **role-based access control**: Admins can add songs, create playlists, and manage users, while subscribers can stream music.
- Integrated **Razorpay** for secure subscription-based access to premium content.
- Designed a **responsive and interactive UI** using **HTML, CSS, and JavaScript** for a seamless user experience.
- Built using **Java, Spring Boot, and MySQL**, ensuring scalability and efficient data management.

Smart Shopping Project

[Live Demo](#) | [GitHub Repo](#) |

- Developed an e-commerce website with a seamless and user-friendly shopping experience.
- Implemented "Add to Cart" and "Add to Wishlist" features with localStorage for data persistence.
- Built a responsive and interactive interface using HTML, CSS, and JavaScript.
- Improved functionality, resolved issues, and enhanced performance for a smooth shopping experience.

Developed Test Cases for Application (Manual Testing)

- Designed and developed an intuitive platform offering customizable resume sections for users to create tailored resumes.
- Integrated the ability to save progress, allowing users to work on their resumes at their own pace.
- Implemented features to preview and download resumes in various formats.
- Introduced active/inactive resume states based on users' prerequisite course completion, enhancing user engagement and tracking.

CERTIFICATIONS

- Certified as java full Stack Developer at Kodnest.

STRENGTHS AND HOBBIES

- Learning languages , Volunteering , Photography , Swimming , Volunteering in various events.

SOFT SKILLS

- Logical Thinking and Problem Solving
- Effective Communication
- Self-Starter
- Being a Team Player
- Self-Organised and Passionate about Technology
